Examination Overview

This exam tests your knowledge on the Music Industry

Exam Strategy

- Ensure that you answer every question and take note of how many marks are available.
- Know which type of questions require more time - Section B and C 8 mark questions.
- Do not let yourself become bogged down in a question.
- On the long answer questions make sure you remember the marking criteria. Underline the key words in the brief and make sure you actually answer the question.

Revision Resources

- Revision notes from school.
- Past papers

Revision Websites

We will research topics on line in lessons and these need to be acknowledged in your books. They can then be used for revision.

Past Papers

We will be doing exam papers and questions in class regularly, you can however work on these and mark them yourself at home.

Notes

After School Catch-up

Please book into a Thursday after school session if you need extra help.

At Home

Constantly revise topics covered in lesson and make notes to help you remember.
