

Careers KS3 Intent - Long Term Plan/Overview

1. Engage pupils in Careers Education and Information

The aim of the KS3 careers education programme at Queensbridge is to engage pupils with a diverse range of careers to be able to make independent informed decisions about their future.

2. Develop KS4 skills

Whilst developing an increased awareness of the different careers, KS3 will expose pupils to key skills that will enhance their careers literacy, but also will prepare them for future employability and expectations of KS4.

3. Careers Literacy & Oracy

By the end of KS3, pupils should have a more detailed understanding of different careers, how curriculum learning is linked to careers and how the labour market may influence their choice of future careers.

Year 7: What Can I Do With My Future?

Methodology:

Pupils will explore a variety of careers through motivational digital media in form time to gain an understanding of what subjects and qualifications are required for the careers they are interested in. Pupils will gain a realistic understanding about what they need to achieve and whether they will be able to obtain the required qualifications according to their gifts and ability.

Pupils will participate in a range of experiences through careers events in school and in the workplace. They will meet employers, develop employability skills and participate in entrepreneurial activities.

KS4 Skills:

Employability (Communication, Leadership, Problem Solving, Stress and its management, Teamwork, Time Management)
Writing a personal statement (outline, describe, explain)
Applying for college / apprenticeship / traineeship

Guess My Job
Warwick Uni Event

Year 8: What Do I Want To Do In The Future ?

Methodology:

Pupils will explore a greater variety of careers through digital media in form time to discuss and ask questions about what they are interested in as a future career. Pupils will gain a greater understanding about what factors influence their choice of future careers including, subjects, qualifications, and remuneration.

Pupils will participate in a range of experiences through careers events in school and in the workplace. They will meet employers, develop employability skills and participate in entrepreneurial activities.
